## Cochlear Temporal Bone Lab and Training Course

We are excited to extend to you an invitation to attend the Cochlear Implant Training in Denver, CO.

This training program is intended to provide you with a unique opportunity to visit Cochlear's US headquarters where you will receive training from a neurotologist on both CI and Baha implants. You will have the opportunity to see key areas at our Denver home office and receive both didactic and hands-on learning. We look forward to this opportunity to exchange thoughts and experience and to discuss current and future trends in the implant industry.

We are pleased to offer multiple dates in hopes that you will be able to participate. Please click the link below to view specific details and to secure your seat. We look forward to seeing you!
